Paper Flower Greeting Card

Source

Draw some circles on your coloured paper. Your child may be old enough to do this him/herself. If not, you can teach your child how to trace, or you can draw the circles yourself.

You'll want to cut larger circles for the flowers, and smaller circles for the Centre of the flowers.

Paper Fan folding Butterfly

Source

It's very easy to prepare. The output is awesome. You can make these butterflies and stick them on your wall for spring room decor.

So materials require are as follows 1). Square piece of Origami paper or any paper. You can take any size (12x12 cms, 13x13cms, 15x15cms.) 2). Silk cords/ Ribbons 3). Scissor 4). Glue.

This craft is very easy to prepare even for the kids. They can make it during their summer vacation and play with it.

Paper Folding Diya

Source

First we will make the large fans. Take your wrapping paper and fold it approx 1.5-2 inches in the length of the paper. Flip it over and fold it back over this fold as closely to the same size as possible. Continue folding accordion style until you have made 20 folds in the paper and cut it off evenly. Take your folded stack of paper and compress it together and fold it in half and crease it. Tie a twist tie, or piece of curling ribbon or string around where the crease in the middle is tightly, but without wrinkling the paper.

Paper Lantern

Source

To **make paper lanterns**, you will need two sheets of colored **paper**, scissors, pencil, and stapler. Begin by cutting two strips down the long side of one of the sheets, and set them aside. Next, fold the second sheet of **paper** in half to form a long and skinny rectangle, Be sure not to cut all the way to the edge of the paper, leave about an inch at the end. Open it up, and roll it to connect both of the ends. Roll up the first sheet of paper and insert it into the lantern. Staple it into place. Use the strips of paper you first cut off to decorate your lanterns, if desired.
